DHANAJI BABAR

Chief of Staff | Business Analyst | Strategy & Corporate Leadership

+91 9527564198 | dhanajibabarofficial@gmail.com | Mumbai, Maharashtra, India

PROFESSIONAL SUMMARY

Results-driven Business Analyst and Chief of Staff with 10+ years of experience partnering directly with C-suite executives at Tata Motors and SUBA Hotels to translate complex business challenges into data-backed strategies. Proven track record in requirements gathering, financial modelling, stakeholder management, KPI framework design, and executive decision support. Adept at driving cross-functional alignment through competitive intelligence, scenario analysis, and performance dashboards. Recognised for converting ambiguous organisational goals into structured, measurable execution plans that deliver tangible business impact.

CORE COMPETENCIES

- Business Analysis & Requirements Gathering
- Financial Modelling | P&L | Scenario Analysis | Valuation
- Strategic Frameworks — BCG Matrix, Porter's 5 Forces, SWOT
- Dashboard & Scorecard Design — Excel, Power BI
- Market & Competitive Intelligence | Benchmarking
- Data-Driven Executive Presentations (C-Suite / Board)
- KPI Framework Design & Performance Reporting
- Stakeholder Management & Cross-Functional Alignment
- Strategic Planning | AOP | Long-Range Roadmaps
- Revenue Modelling, Forecasting & Business Insights
- Governance, Programme Management & Execution Oversight
- Business Development | Market Expansion | Partnerships

PROFESSIONAL EXPERIENCE

Chief of Staff to CEO | SUBA Hotels Limited

March 2025 – Present

Hospitality | Multi-Property Group | Mumbai

- Conduct end-to-end business analysis across revenue, operations, and cost verticals, generating actionable insights that inform CEO-level and Board decision-making.
- Own P&L analysis and financial performance tracking across hotel properties; built dynamic revenue models and rolling forecasts that improved budget accuracy by ~20%.
- Designed an enterprise-wide performance dashboard in Excel tracking 20+ KPIs across occupancy, RevPAR, cost efficiency, and guest satisfaction — enabling real-time strategic decisions.
- Led structured requirements gathering with Finance, Operations, Sales, and HR stakeholders to co-develop the company's 3-year strategic roadmap, synthesised into a board-ready integrated plan.
- Produced data-driven board presentations and investor briefings, translating complex financial data and operational metrics into compelling executive narratives aligned to strategic goals.
- Applied competitive benchmarking and market intelligence frameworks to assess hospitality sector trends, informing new property acquisition feasibility studies presented to the Board.
- Designed scenario analysis models for cost optimisation across procurement and vendor management, identifying annual savings opportunities exceeding ₹4.5 Cr.
- Streamlined executive information flow between the CEO's office and department heads using structured reporting protocols, reducing reporting lag by 40% and decision turnaround time by ~30%.
- Spearheaded analytical reviews for brand positioning, technology adoption programmes, and regulatory compliance — translating findings into structured business cases and recommendations.

Business Analyst & Chief of Staff to CEO | Tata Motors

September 2020 – February 2025

Automotive | Commercial & Passenger Vehicles | Pan-India

- Served as primary business analyst to the CEO/Executive Director — gathering requirements from 5+ business units, synthesising data from multiple sources, and delivering decision-ready insights aligned with organisational priorities.
- Designed and implemented a comprehensive KPI framework and performance scorecard adopted across 5+ BUs, improving accountability, performance visibility, and data-driven decision-making at the executive level.
- Conducted in-depth competitive analysis and market intelligence using BCG Matrix, Porter's 5 Forces, and SWOT frameworks to shape the company's 5-year strategic roadmap and growth priorities.
- Built financial models and ROI evaluation tools for investment decisions including supply chain modernisation, digital initiatives, and new business opportunities — supporting multi-crore capital allocation decisions.
- Led BU-wise performance reviews using structured data analysis, delivering profitability and operational efficiency improvements across commercial and passenger vehicle divisions.
- Developed market penetration and market sizing analyses for emerging Tier 2 & Tier 3 segments, resulting in new revenue streams and expanded dealer partnerships.
- Prepared board presentations, investor materials, and strategic business proposals — translating quantitative analysis and market insights into crisp, leadership-ready formats.
- Managed cross-functional task forces and execution tracking for transformation projects, reducing operational bottlenecks and improving delivery timelines measurably.
- Monitored macro industry trends and emerging technologies to generate competitive intelligence reports; insights directly contributed to executive strategy planning and product roadmap decisions.

Executive to President (CVBU) | Tata Motors

June 2016 – August 2020

Commercial Vehicles Business Unit | Strategic Planning & Analytics

- Supported the President of CVBU as a primary analytical partner — conducting market research, competitive analysis, and requirements gathering to inform product development roadmaps and go-to-market strategies.
- Prepared executive performance reports, business summaries, and board-level presentations for high-stakes decision-making sessions, ensuring data accuracy and narrative clarity.
- Coordinated key analytical projects across multiple BUs, ensuring timely delivery of insights and alignment with the President's strategic priorities.
- Monitored new product launch performance, built tracking dashboards for KPI visibility, and proactively addressed risks to ensure on-time, on-budget execution.
- Conducted go-to-market analysis and customer satisfaction research to identify growth opportunities and inform product positioning strategies.
- Organised leadership summits, strategic workshops, and corporate events — managing end-to-end planning, stakeholder engagement, and follow-up action tracking.
- Managed confidential correspondence with internal and external stakeholders, maintaining professional standards and supporting the President in high-impact decisions.
